PROFESSIONAL SUMMARY

Motivated Computer Science student with skills in Python, AI tools, and problem-solving. Interested in building practical technology solutions, collaborating on projects, and exploring AI and creative problem-solving.

TECHNICAL SKILLS

Operating Systems: Windows, Linux

Languages: Python, C

Technologies: Data Science, Data Analytics, Generative AI

Databases: MySQL / SQL

Tools: Git, GitHub, VS Code

Cloud: Oracle Cloud

Soft Skills: Team Collaboration, Communication, Problem Solving, Creative Thinking

PROJECTS

Teacher Project Management — Developed a web application for managing teacher records with CRUD operations, secure login functionality, and database integration.
Technologies: HTML, CSS, JavaScript, MySQL

Smart Food Nutrition Analyzer — Built a nutrition analysis application that displays calorie and nutritional information using APIs and web technologies to promote healthy food choices.
Technologies: APIs, Web Technologies

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science
Rise Krishna Sai Prakasam Group of Institutions | 2024–2027 | Pursuing, 4th Year | CGPA: 8.11/10

Diploma in Computer Engineering
Rise Krishna Sai Polytechnic Group of Institutions | 2021–2024 | Percentage: 78.15%

INTERNSHIPS

RAGA TECH SOURCE – COMPUTER & HARDWARE NEIWORKS

CERTIFICATIONS

- Robotics and Artificial Intelligence — HACK BOATS
- Application Development with AI (National-Level Workshop) — Brain O Vision
- SAP — Backend ABAP Developer

ACHIEVEMENTS

coding competition rankings, academic awards, scholarships, paper presentations, certifications with distinction, competition wins, and other measurable achievements and Leetcode -150+ questions solved

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Class Representative | Student Coordinator | Event Organization | Team Captain | Volunteering | Sports | Cultural Activities

LANGUAGES

English: Fluent **Telugu:** Native **Hindi:** Intermediate
